

## **Physician Assistant-Family Medicine**

Willamette Family Medical Center's mission is to provide the highest quality healthcare services and education to all patients, regardless of language or financial barriers. We have provided medical care for over 19 years to our community with an emphasis on meeting the needs of the uninsured and underinsured. As a state-certified Tier 3 Patient Centered Medical Home and recognized Providence Medical Home, we ensure that our patients receive preventive services and comprehensive care to meet each individual's whole needs. We do this by providing a wide range of in-house specialty services.

Our current practice size is 10 physicians, 5 Nurse Practitioners, and 50 staff. We are a busy, growing practice seeking to add a PA with or without OB – OB prenatal care only. Knowledge of medical Spanish or Russian helpful, though not required.

Services Provided: Family Medicine, Internal Medicine, Pediatrics, Men's & Women's Health, OB/GYN, Geriatrics, & Counseling.

Specialty Services: Migrant Health Care, Social Service Resource Coordination, Lactation Support, Centering Pregnancy Prenatal Care, Diabetic Management, Hypertension Management, Pain Management, & Care Management.
