

## Telemedicine Visits - How to download an application

To prepare for your telemed appointment, follow the instructions below. Instructions are organized by the type of device you may use: Iphone/Ipad, Android, Desktop Computer (Windows), Desktop Computer (Mac)

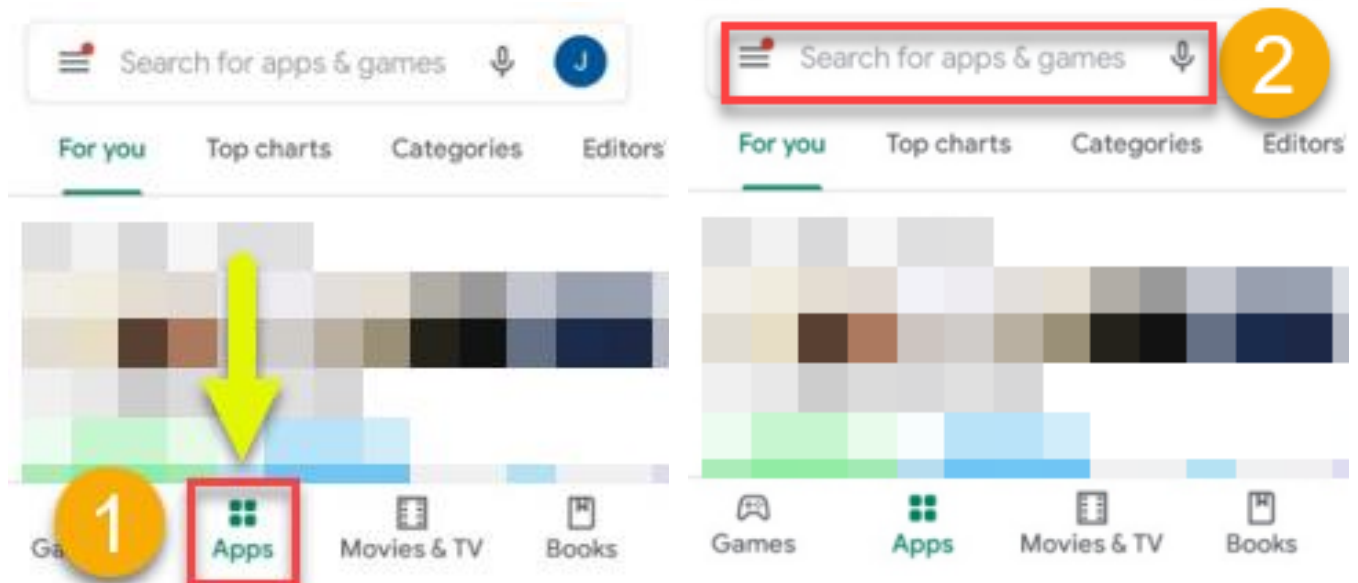

### Android:

#### Microsoft Teams

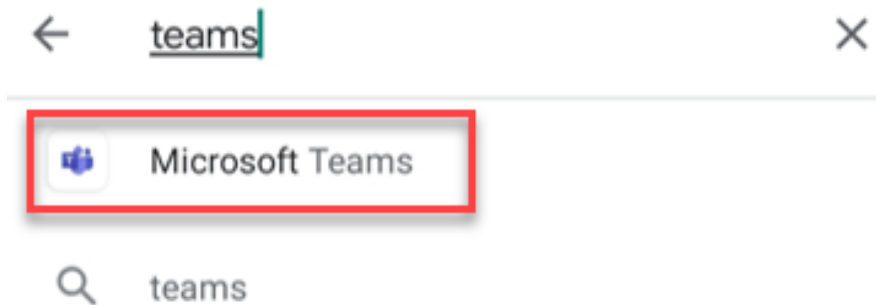

Step 1: Open the “Play Store” application

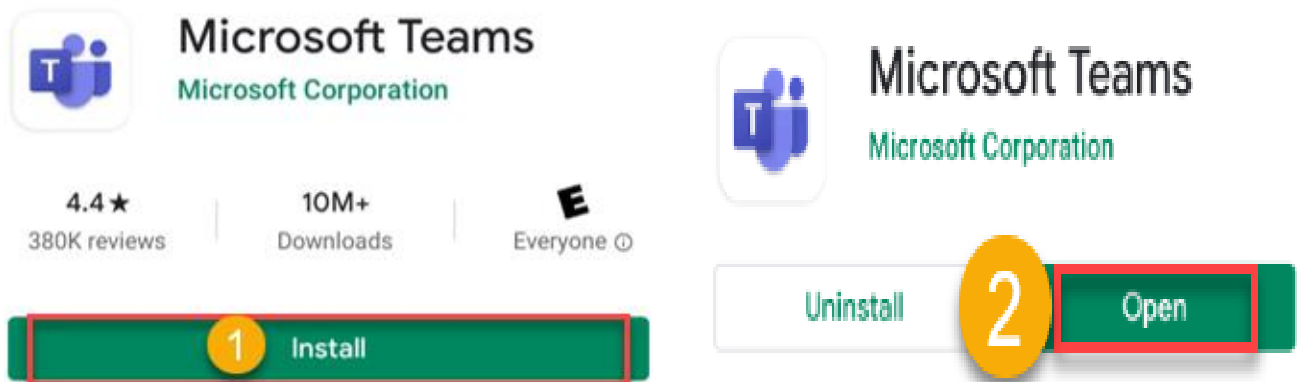

Step 2: Once the “Play Store” App is opened, make sure the “Apps” tab is selected. Click on the Search Bar to begin searching

Step 3: In the Search Bar, type “Teams”. As you type, a list of search results will appear. Select ‘Microsoft Teams’ to continue.

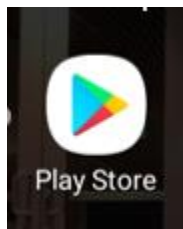

Step 4: Once the ‘Microsoft Teams’ result is selected, the full application will appear on the screen. Select “Install” to begin the download.

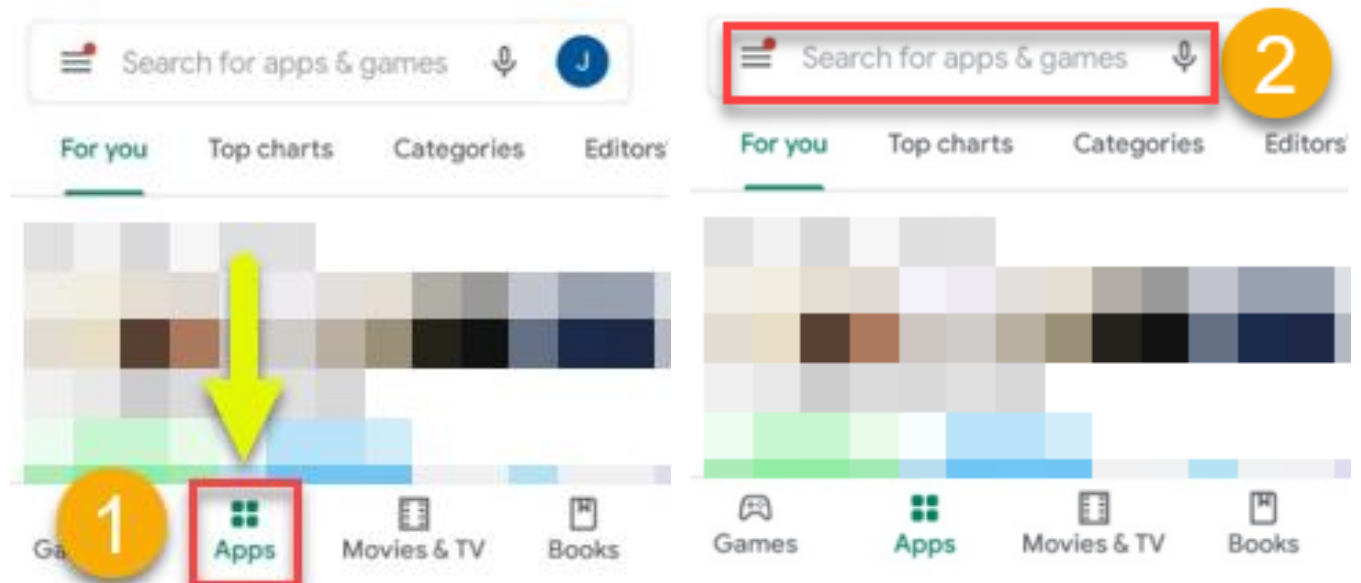

## Zoom

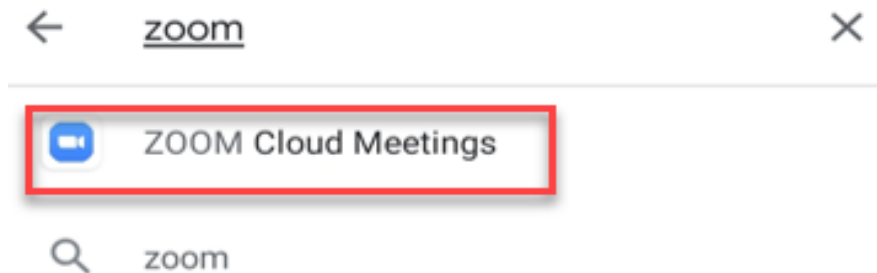

Step 1: Open the “Play Store” application

Step 2: Once the “Play Store” App is opened, make sure the “Apps” tab is selected. Click on the Search Bar to begin searching

Step 3: In the Search Bar, type “Zoom”. As you type, a list of search results will appear. Select ‘Zoom’ to continue.

Step 4: Once the ‘Microsoft Teams’ result is selected, the full application will appear on the screen. Select “Install” to begin the download.
